- I usually don't trust new betting sites that much, but CroreBet's been okay for me so far. I signed up during an IPL match, deposited, played a bit, and nothing weird happened — which is honestly already a win. Lost some, won some, withdrew once and it came through the same day. I'm not saying it's amazing, just… normal, and that's why I still use it
- I've used platform casually during big cricket matches, and honestly, it does the basics right. Deposits via UPI are quick, games load without hanging, and withdrawals actually arrive — sometimes same day, sometimes a bit slower. It's not flashy, and bonuses aren't wild, but it feels stable. For an Indian player who just wants things to work, that matters more.
- Our team offers dedicated customer support to help resolve any issues you may encounter. If you have any questions about account management or problems with deposits, our responsive support team is available via live chat, email and other contact methods to guarantee you a totally fair and smooth gaming.

- 🛡️ License Curacao Gaming
- CroreBet Online is one of the best betting and gaming platforms, targeted directly at the Indian audience. Apart from offering board games and online slots, our CroreBet site offers access to live roulette and blackjack; there is also bingo and various lottery draws. Our Indian bettors can use the system with ease, and its interface is rather speedy. With strong SSL encryption, we also have a Casino license from Curacao, which increases the very high level of security required for a gambling platform.
- License and Regulation in India
- Is CROREBET Legal in India?
- Our CroreBet betting and casino site runs legally and has a valid license from the Curacao Gambling Commission. The platform's license number is 8048/JAZ, ensuring that its operations facilitate proper international standards of fair play and secure transactions. In turn, CroreBet operates within the limits of its operational jurisdiction, thus guaranteeing safety and regulation in online betting.
- CroreBet works only legally in India as long as a person does not live in the regions where online gambling is actually forbidden. While the Public Gambling Act of 1867 doesn't mention online betting, it deals mainly with physical casinos. For this reason, operating an online betting platform is not illegal in India at the federal level.

OP-06. CroreBet — money route

I used account OP-06-A with GEO **Bangladesh**, a personal payment account of the same GEO and currency **BDT**. Game — **Tower Rush original, Galaxsys**, money configuration **TR-BDT-OP-06**, RTP **96,33%**, one tower cap **135 000,00 BDT**. Environment: Slimbook EVO14 / Windows11 / Chrome142.0.7444.71. Registration — email and phone, confirmation — email; no new document was requested at registration and deposit. On the first withdrawal I submitted an identity and address document; both were accepted before approval. Initial cash/bonus/locked/pending were 0,00/0,00/0,00/0,00 BDT. I did not activate Welcome, bonus=0,00 BDT; individual showcase offers remained in their cards.

Casino deposit fee 0,00 BDT; external fee on top of the sending **0,00 BDT**, base — sent 880,00 BDT; total debit at the payer **880,00 BDT**. No conversion,1 BDT=1 BDT.
