Tower Rush game and Bangladesh testing overview

Published by Ariful Hosain

1. Summary of the game and market

Field	What is established from the corpus
Game and developer	Tower Rush, Galaxsys. In the configuration of the official demo `activeGameId=90`, `gameKindName=TowerRush`, `gameTypeName=TowerRush`.
Genre and round model	Fast Game with crash/burst mechanics. The player builds a tower floor by floor. After a successful placement, they can lock in the current result or continue the round.
Related products	Tower Rush 2 and Tower Rush Branded appear as standalone names in the catalog/menu Galaxsys. These versions have their own cards and do not inherit the calculations of the original.
Date	28 February 2024 in the card Galaxsys. SlotCatalog indicates 19 December 2024, Casino Guru — December 2024. Dates are approved with reference to the corresponding sources.
RTP	96,2–97,6% in the card Galaxsys. 96,17–97% in the rules of the official demo and PDF. 96,12–97% in the text of SlotCatalog. 97,00% in the card Stake, 97% in Casino Guru. Preserve each value with its source and scope of application.
Limits	Official demo in FUN: bet 1–100 FUN, upper win limit 10 000 FUN. Limits in real currency depend on the site configuration.

01. Project and locales

ID	Attribute	Value and scope
01-01	Brand name	Tower Rush — the original game Galaxsys.
01-02	Permitted name variant	Tower Rush; “টাওয়ার রাশ” — the Bangla label tied to the original; Tower Rush 2 and Branded are separate products.
01-03	Site purpose	Independent informational review of mechanics, demo, configurations and operator routes; the site does not accept deposits.
01-04	Future domain	towerrushbanga.com.
01-05	Public name of the site	Tower Rush Bangladesh.
01-06	Operator domain	Editorial: towerrushbanga.com; operator addresses are preserved in the 11 section and the legal cards of the sources, with the approved linkage to the corresponding sources.

ID	Attribute	Value and scope
01-07	Main language version	Bengali, bn-BD, Bangladesh.
01-08	Language of the source articles	The Russian language of this base; the Bangla publication versions and international English use the same monetary records.
01-09	Audience country	Bangladesh; international English does not add a separate target GEO.
01-10	Registration geography	Six main operator episodes relate to Bangladeshi accounts; other markets are indicated in each episode.
01-11	Restricted territory	Betify: Bangladesh excluded by clause 2.9; 4rabet: access stopped HTTP 403 / not available in your region.
01-13	Number of locales	Two specified language versions: bn-BD and international English.
01-15	Methodology	Game/config identification → operator terms → bet log → gross/net calculation → external withdrawal → currency reconciliation.
01-16	Revision of the source base	Reference 2.0, revision 11.11.2026; snapshot of source materials 03.11.2026; episodes 04–10.11.2026 have their own ID.
01-17	Project exclusion	Individual crash/burst tower: no reels and no second panel; Tower Rush 2 does not replace the original; geographic prohibitions remain.
